If an Anthem member needs health care right away:

- Members can receive emergency or urgent care from any doctor or hospital, even if they are not in their plan's network. We will pay the claims as if they are in Anthem's provider network.
- If a member's doctor's office or health care facility is closed because of the fires, extreme hot weather or they are unable to travel there, the member can easily contact us for support at **1-833-285-4030**. We will help them find another doctor.
- If the member is in a care management program, the member can call **1-833-285-4030**.

If an Anthem member needs a prescription refill:

- If the member's plan covers their prescription medications, the member can receive up to a 30-day emergency refill at any pharmacy now, even if it is not in their plan's network.
- If the member uses Anthem's mail-order pharmacy and their address changed, the member can call **1-833-285-4030** so we can make sure to send their medicine to the correct place.

If an Anthem member's medical equipment is lost or damaged:

- We can help members replace their equipment (also called durable medical equipment) by calling **1-833-285-4030**.

If an Anthem member needs a pre-approval or referral:

- Anthem is allowing members and providers more time to request referrals and obtain preapprovals. There will not be any late fees.
