**Hoosier Care Connect Preferred Drug List**

Effective May 1, 2017

**Introduction**
The *Hoosier Care Connect Preferred Drug List (PDL)* lists medications available under the pharmacy benefit. These preferred medications are commonly prescribed drugs Anthem Blue Cross and Blue Shield (Anthem) chooses for their quality and effectiveness. The *PDL* is updated quarterly and is subject to change without prior notification. To check for regular updates to the *PDL*, please visit our website at [www.anthem.com/inmedicaiddoc](http://www.anthem.com/inmedicaiddoc). You can also contact Provider Services at **1-844-284-1798**.

**Contact information**
If you have questions about the *PDL*, please contact Provider Services at **1-844-284-1798** for more information. Hours of operation are Monday through Friday from 8 a.m. to 8 p.m. Eastern time.
Important information

Brand name versus generics
A brand-name drug is one that the original drug manufacturer develops, patents and markets. Until the patent expires, no other companies can produce that particular brand-name drug. A generic drug has the same active ingredients as its brand-name counterpart. Various drug companies manufacture generic drugs after the original patent expires. A generic drug is identical to the brand-name drug in dosage form, strength, route of administration, quality and intended uses. Generics may differ from their brand-name equivalents in color and/or shape. Both brand and generic drugs have to meet the same strict safety, purity and performance standards governed by the U.S. Food and Drug Administration (FDA).

Quantity supply limit
Quantity supply limit is the maximum amount of a drug a pharmacy can dispense at a given time. Anthem has a prior authorization (PA) program that adheres to FDA-approved dosing guidelines. If a prescribing provider feels a quantity supply greater than the defined maximum is medically necessary, a written PA request must be submitted to validate the medical rationale for exceeding the recommended dosage.

Dose optimization program
The dose optimization program identifies claims where multiple capsules or tablets per day are being used and encourages an optimal dose. In some situations, a single daily dose may be encouraged. Without getting PA of benefits, the system will reject claims submitted with the quantity exceeding the set limit.

Prior authorization
Select drugs may require PA to encourage appropriate use of medications. Drugs that require PA are generally either part of a step-therapy regimen or have lower-cost alternatives. Drugs that 1) have high side-effect potential, 2) have a high misuse or abuse potential, or 3) should be reserved for specific FDA indication also require PA. Brand-name drugs with an FDA-approved generic equivalent available, also known as multisource brands, will require a written PA based on medical necessity. Anthem requires PA before covering multisource brands to promote the use of appropriate generic alternatives as first-line therapies when medically appropriate. Prior to dispensing any multisource brand, providers are required to consider using its preferred generic alternative.

Medication utilization must meet FDA-approved indications as well as Anthem guidelines. If a medication requires PA, a PA request must be completed and submitted to Anthem. PA forms and a list of drugs that require PA can be found at www.anthem.com/inmedicalaiddoc. PA forms can be faxed to the Pharmacy department at 1-855-875-3627. You may also call 1-866-408-7187.

Mental health drugs
In accordance with Indiana law, all antianxiety, antidepressant, antipsychotic and cross-indicated drugs are considered preferred. Drugs that 1) are classified in a central nervous system drug category or classification (according to drug facts and comparisons created after March 12, 2002) and 2) are prescribed for the treatment of a mental illness (as defined by the most recent
publication of the American Psychiatric Association's Diagnostic and Statistical Manual of Mental Disorders) are also considered preferred. Since these drugs/classes are preferred, they are not shown on the PDL; however, lack of inclusion in the PDL does not mean these drugs are not covered by Anthem.

**Hepatitis C medications**
Effective September 1, 2016, all hepatitis C medications will be covered through the OptumRx fee-for-service (FFS) program. Please direct FFS PA requests and PDL-related questions about hepatitis C drugs to the OptumRx Clinical and Technical Help Desk at 1-855-577-6317.

**How to use the PDL**
The PDL lists the brand name or common name of a given drug. If a medication does not appear on the PDL, the medication requires PA for coverage under the pharmacy benefit. A PA request must be completed and submitted to Anthem before a pharmacy can fill the prescription. To get the PA forms or to access the most current version of the PDL, go to www.anthem.com/inmedicaiddoc. The PA form can be faxed to the Pharmacy department at 1-855-875-3627. You may also call 1-866-408-7187 for additional help.

**Key**
*: Age restrictions apply.
PA: Medication requires prior authorization.
ST: Medication requires trial of first-step product.
QLL: Daily dosage limits apply.
X: Medication is distributed through a specialty pharmacy network.
GL: Gender restrictions apply.
OPT: Dosage optimization rules apply.
OTC: Over-the-counter medication is available by prescription.

### ANTIRETROVIRAL COMBINATIONS
- abacavir/lamivudine/zidovudine
- Epzicom
- Evotaz
- Genvoya
- Kaletra
- lamivudine/zovudine
- Prezobix
- Stribild
- Triumeq
- Truvada

### ANTIRETROVIRALS – PROTEASE INHIBITORS
- Aptivus
- Crixivan
- Norvir
- Prezista
- Reyataz
- Viracept

### PENICILLINS
- amoxicillin QLL
- amoxicillin/clavulanate QLL
- ampicillin QLL
- dicloxacillin QLL
- penicillin VK QLL

### ANTIFUNGAL – ORAL
- clotrimazole troche
- fluconazole
- flucytosine
- griseofulvin ultra tab
- griseofulvin susp
- itraconazole PA
- ketoconazole
- nystatin
- terbinafine tablets PA
- voriconazole

### ANTIFUNGALS – TOPICAL
- butenafine hcl OT C
- ciclopirox 8% solution
- clotrimazole QLL OT C
- clotrimazole/betamethasone
- ketoconazole cream, shampoo
- miconazole nitrate OT C
- nystatin cream, ointment, powder
- terbinafine
tolnaftate cream, powder

### leprostatics
- Dapsone
- MACROLIDES
- azithromycin tablet QLL
- clarithromycin
- erythromycin
- erythromycin/sulfisoxazole

### SULFONAMIDES
- sulfadiazine
- sulfamethoxazole/trimethoprim DS
- sulfasoxazole

### TETRACYCLINES
- erythromycin base
- ethylsuccinate
- erythromycin stearate
- doxycycline
- minocycline (IR)
- monohydrate capsules, suspension only
tetracycline QLL

### ANTIHELMIINTICS
- Albenza
- Biltricide
- Ivermectin Pin-X OT C
- Reese Pinworm OT C

### ANTIMALARIALS
- atovaquone/proguanil
- chloroquine phosphate
- hydroxychloroquine
- mefloquine
- primaquine phosphate

### ANTIPROTOZOALS
- pentamidine
- isothionate

### ANTIRETROVIRALS INTEGRASE INHIBITORS
- Isentress
- Tivicay

### ANTIRETROVIRALS – NON-NUCLEO-SIDE REVERSE TRANSCRIPTASE INHIBITOR (NNRTI) ANALOGUES
- Intenence
- nevirapine
- Rescriptor
- Viramune XR
- PA required age 8 and under

### TOPICAL ANTIBIOTICS
- gentamicin
- mupirocin ointment
- silver sulfadiazine

### URINARY ANTI-INFECTIVES
- methenamine
- nitrofurantoin caps

### MISCELLANEOUS ANTI-INFECTIVES
- clindamycin
- neomycin
- tinidazole
tobramycin ampules
- vancomycin capsule PA

### ANTIDOTE
- Evzio QLL

### 4.0 ANTIHEOPLASTICS/IMMUNOSUPPRESSANTS
- ALKYLATING AGENTS
- Alkeran
cytophosphamide
- Hexalen
- Leukeran
- Myleran

### ANTINEOPLASTIC – HORMONAL AGENTS – ANTIANDROGEN
- flutamide

### ANTINEOPLASTIC – HORMONAL AGENTS – ANTIESTROGEN
- letrozole PA GL
tamoxifen

### ANTINEOPLASTIC – HORMONAL AGENTS – AROMATASE INHIBITORS
- anastrozole PA GL
- exemestane PA GL

### ANTINEOPLASTIC – HORMONAL AGENTS – PROGESTINS
- Megestrol

### ANTITHERMAL LIGANDS
- mercaptopurine
- methotrexate
- Tabloid
- Trexall

### IMMUNO-SUPPRESSANTS/IMMUNO-MODULATORS
- azathioprine

### MISCELLANEOUS ANTIHEOPLASTICS
- Emcyt PA etoposide

## 5.0 CARDIOVASCULAR

### ACE INHIBITORS/ACE I COMBINATIONS
- benazepril/benazepril HCTZ QLL
- captopril/captopril HCTZ
- enalapril/enalapril HCTZ
- fosinopril/fosinopril HCTZ QLL
- lisinopril/lisinopril HCTZ QLL
- moexipril/moexipril HCTZ
- quinapril/quinapril HCTZ
- ramipril
- trandolapril

### BETAADRENERGIC ANTAGONISTS
- acebutolol
- atenolol
- atenolol/chlorthalidone
- betaaxolol
- bisoprolol/bisoprolol HCTZ
- metoprolol/metoprolol HCTZ
- nadolol
- pindolol
- propranolol/propranolol HCTZ
- sotalol
- timolol

### ALPHA BETA BLOCKERS
- carvedilol
- labetalol

### ANGIOTENSION RECEPTOR BLOCKERS (ARB) AND ARB COMBINATIONS
- candesartan QLL
- candesartan/HCTZ QLL
- irbesartan QLL
- irbesartan/HCTZ QLL
- losartan QLL
- losartan/HCTZ QLL
- valsartan/HCTZ QLL

### CENTRALLY ACTING AND COMBINATIONS – ANTIADRENERGICS
- clonidine tablets OPT
- guanabenz
- guanfacine OPT
- methyl dopa
- methyl dopa/HCTZ

### ANTIADRENERGICS – PERIPHERALLY ACTING
- doxazosin
- prazosin
- terazosin

### HMG CO A REDUCTASE INHIBITORS (STATINS)
- atorvastatin QLL
- lovastatin QLL
- pravastatin QLL
- simvastatin QLL
- simvastatin 80 mg QLL ST

### PCSK-9 INHIBITORS
- Repatha PA QLL

### NIACIN
- niacinIR/ER OTC
- niacinamide slo-niacin

### FIBRATES
- fenofibrate
gemfibrozil

### BILE ACID SEQUESTRANTS
- cholestyramine
- cholestyramine lite
- colestipol granules

### CALCIUM ANTAGONISTS AND COMBINATIONS
- amlodipine OPT
- amlodipine/benazepril
diltiazem
- Diltiazem CR OPT
diltiazem CD OPT
diltiazem SR OPT
- felodipine OPT
- nicardipine' OPT

- verapamil
- verapamil SR OPT

### CARDIAC GLYCOSIDES
- digoxin

### ANTIARRHYTHMICS
- amiodarone
disopyramide CR
- flecainide
- Mexiletine
- Pacerone
- propafenone
- quinidine
- gluconate
- quinidine sulfate

### DIURETICS
- amiloride
- amiloride/HCTZ
- bumetanide
- chlorothiazide
- furosemide
- hydrochlorothiazide
- indapamide
- methylchlothiazide
- metolazone
- spironolactone
- spironolactone/HCTZ
- torsemide
- triamterene/HCTZ

### NITRATES
- isosorbide dinitrate
- isosorbide mononitrate
- primidone QLL

### Nitro-Bid
- nitroglycerin ER capsules
- nitroglycerin ointment
- nitroglycerin patch
- nitroglycerin SL
- nitroglycerin spray

### Nitro-Stat tablets

### PERIPHERAL VASODILATORS AND COMBINATIONS
- hydralazine;
- hydralazine/HCTZ
- minoxidil

### 6.0 CENTRAL NERVOUS SYSTEM AGENTS

### ALCOHOL ANTAGONISTS
- disulfiram

### ALZHEIMERS AGENTS
- Donepezil ODT QLL
- galantamine QLL
- Namenda QLL
- rivastigmine

### ANTI-CONVULSANT HYDANTOINS
- phenytoin QLL
- phenytoin extended QLL

### ANTICONVULSANT – SUCCINIMIDES
- ethosuximide QLL

### ANTICONVULSANTS – BARBITURATES
- phenobarbital OPT

artificial tears OTC
atropine sulfate
naphazoline
naphazoline/antazoline
phenylephrine
proparacaine
tetrahydrozoline OTC

OTIC
acetic acid
acetic acid/aluminum QLL
acetate
antipyrine/benzocaine/glycerin
benzocaine
cortane-b
Floxin 0.3%
neomycin/polymyxin/
hydrocortisone
ofloxacin otic
pramoxine/ chloroxylenol
/hydrocortisone

9.0 ENDOCRINE AGENTS
ANDROGENS,
ANDROGEN INHIBITORS
/ANABOLIC STEROIDS
testosterone 1% gel PA QLL

testosterone cyp injection PA

testosterone enan injection PA

ANTITHYROID
propylthiouracil
methimazole

THYROID
levothyroxine
levoxyl
liothyronine
nature-throid
np thyroid/thyroid
unithroid
westroid

OSTEOPOROSIS AGENTS
alendronate QLL
calcitonin-salmon QLL
Fortical
Rafloxiene

ESTROGENS AND ESTROGEN
ANDROGEN COMBINATIONS
estradiol
estradiol patch
estradiol-norethindrone
estropipate
Norethindrone
Premarin cream
Prephase
Prempro

GLUCOCORTICOIDs
dexamethasone
hydrocortisone
methylprednisolone
prednisolone

prednisone
triamcinolone

GROWTH HORMONE
Zomacton PA QLL

HYPERGLYCEMICS
acarbose
glimepiride
glipizide; ER/IR/XL
glipizide/metformin
glyburide; glyburide
micronized QLL
Januvia ST QLL
Janumet, IR/XR ST QLL

HYPOGLYCEMICS
acarbose
glimepiride

glipizide; ER/IR/XL
glipizide/metformin
glyburide; glyburide
micronized QLL

INSULIN
Apidra
Basaglar Kwikpen
Humulin products
Novolin products

MISCELLANEOUS
desmopressin spray, solution, tab
fludrocortisone
Dex4 Glucose
Insta-Glucose

10.0 GASTROINTESTINAL AGENTS

ANTICHOLINERGICS
/MOTILITY
/ANTISPASMODICS
belladonna/phenobarb
bethanechol
chlordiaezepoxide/clindium
dicyclomine
glycopyrrolate
hosycamine
methscopolamine
metoclopramide
propanthelene

Anthem Blue Cross and Blue Shield
Hoosier Care Connect Preferred Drug List
