Beginning in April: Access Patient360 directly through the Availity Web Portal

In mid-April 2017, Anthem Blue Cross and Blue Shield Medicaid (Anthem) is making it easier for you to access Patient360 by giving you two navigation options within the Availity Web Portal. You'll still be able to access Patient360 through our secure self-service website; however, we will also offer you the opportunity to easily access records for your Anthem Blue Cross and Blue Shield Medicaid members when you are checking member eligibility and benefits in the Availity Web Portal.

About Patient360:

Patient360 is a real-time dashboard that gives you a robust picture of your Anthem Blue Cross and Blue Shield Medicaid patients' health and treatment history as well as helps you facilitate care coordination. You can drill down to specific items in a patient's medical record to retrieve demographic information, care summaries, claims details, authorization details, pharmacy information and care management-related activities.

Accessing Patient360 within the Availity Web Portal:

You must first be assigned the Patient360 role in the Availity Web Portal; administrators can make this assignment within the *Clinical Roles* options. Then navigate to Patient360 using one of the methods outlined below:
