

Provider data validation survey

The Kentucky Department for Medicaid Services (DMS) is conducting a random provider data validation survey to assess the provider data based on our provider network file submissions. DMS is working with Island Peer Review Organization (IPRO), their external quality review organization, to help with this survey. Your assistance with validating the data is appreciated.

This survey should only take a few minutes of your time. You should only complete this survey one time regardless of how many MCOs with which you have contracts.

The survey will be sent via mail.

If you have any questions regarding this project, please contact marydale.coleman@ky.gov. For technical questions, please contact Chuck Merlino at IPRO by email: cmerlino@ipro.org, or by phone: **1-516-209-5334**.

Thank you for your participation in this survey.
