Inpatient Readmissions Update

In an effort to identify clinically related readmissions to the same facility for members enrolled in Anthem HealthKeepers Medicare-Medicaid Plan (MMP), a Commonwealth Coordinate Care plan, licensed clinical staff will review at the time of an inpatient authorization the clinical information submitted regarding the medical treatment and management of an admission that occurred within 2 to 30 days from a previous admission to the same facility. If an admission is believed to be related, a medical director will contact the admitting physician to confirm that the clinical information is accurate. If the second admission is determined to be clinically related, we will not reimburse for an additional admission as this is considered a continuation of the episode of care.

Policy Update

(Policy 13-001)

HealthKeepers, Inc. will utilize information indicating clinically related readmissions, clinical criteria and/or licensed clinical medical review for readmissions from day 2 to day 30 for the second admission determination.
