Provider Bulletin
September 2017

Include National Provider Identifier on surgical procedure UB04 bills

In October 2017, <Plan Name> will edit for operating provider National Provider Identifier (NPI) when a surgical procedure code is billed for Anthem HealthKeepers Medicare-Medicaid Plan (MMP), a Commonwealth Coordinated Care plan, members having an individual Medicare Advantage or MMP plan. A surgical procedure code is a code within the range of 10021-69990 but excluding 10035, 10036, 15780-15783, 15786-15789, 15792, 15793, 20527, 20550-20553, 20555, 20612, 20615, 29581-29584, 36406, 36410, 36415, 36416, 44705, 47531, 47532, 50430, 50431, 59425, 59426, 59430, 62302-62305, 62320-62327, 62367-62370, 69209, 69210.

When a surgical procedure code is billed, the operating provider's NPI must be included in box 77 on the facility *UB04 CMS 1450 Claim Form* for outpatient services. If a surgical procedure code is billed without an operating provider NPI, the claim will be denied for missing NPI.

The information in this bulletin may be an update or change to your provider manual. Find the most current manual at:
