

New collaboration with Edgepark for breast pump supply management

HealthKeepers, Inc. is pleased to introduce Edgepark[®], a national distributor of medical supplies, which will be providing quality standard electric breast pumps to Anthem HealthKeepers Plus members.

What this means

Providers can refer Anthem HealthKeepers Plus members to Edgepark for standard electric breast pumps. Members can go online or call Edgepark to order a standard electric breast pump. As a provider, you can also complete the attached order form with your patient and fax it in. It is important to note that members with specific needs or concerns have other options. Their provider should be notified on these needs, and other pumps/models can be ordered.
