Reimbursement Policy Provider Newsletter Article

Policy Update Early and Periodic Screening, Diagnostic and Treatment (EPSDT) *(Effective 11/30/19)*

Currently, Anthem Blue Cross and Blue Shield includes Early and Periodic Screening, Diagnosis and Treatment (EPSDT) component services in the reimbursement of preventive medicine evaluation and management (E&M) visits unless they are appended with Modifier 25 to indicate a significant, separately identifiable E&M service by the same physician on the same date of service.

However, effective May 1, 2020, the following EPSDT component services will be separately reimbursable from preventive medicine E&M visits:

- Hearing screening with or without the use of an audiometer or other electronic device
- Vision screening

For additional information, refer to the Early and Periodic Screening, Diagnostic and Treatment (EPSDT) reimbursement policy at <https://mediproviders.anthem.com/wi>.
