UPDATE: Effective date change for Medicaid automatic crossover — Medicare coordination of benefits

The effective date for the Medicaid automatic claim crossover for Medicare coordination of benefits has changed from September 1, 2017, to October 1, 2017.

Effective October 1, 2017, Anthem Blue Cross and Blue Shield (Anthem) will begin coordinating benefits for dually eligible members by either:

- Automatically crossing over claims to a newly designated Medicare contract.
- Handling coordination of crossover data for CMS.

The new coordination of benefits process will allow Anthem to send eligibility information for crossover purposes when it matches with CMS entitlement information. This process will be transparent to providers, which means your current claims submission process will not be impacted.

The information in this bulletin may be an update or change to your provider manual. Find the most current manual at:
