

Prior authorization requirements for Cabazitaxel (Jevtana)

Effective September 1, 2018, prior authorization (PA) requirements will change for injectable drug Cabazitaxel (Jevtana) to be covered by Anthem Blue Cross and Blue Shield. Federal and state law, as well as state contract language and Centers for Medicare & Medicaid Services guidelines, including definitions and specific contract provisions/exclusions take precedence over these PA rules and must be considered first when determining coverage. **Noncompliance with new requirements may result in denied claims.**

PA requirements will be added to the following:

• Cabazitaxel (Jevtana) — injection, 1 mg (J9043)
