

		Reimbursement Policy
Subject: Modifiers LT and RT: Left Side/Right Side Procedures		
Effective Date: 07/01/2014	Committee Approval Obtained: 07/03/2019	Section: Coding
*****The most current version of our reimbursement policies can be found on our provider website. If you are using a printed version of this policy, please verify the information by going to https://medproviders.anthem.com/wi .*****		
<p>These policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement by Anthem Blue Cross and Blue Shield (Anthem) if the service is covered by a BadgerCare Plus member’s benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member’s state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT® codes, HCPCS codes and/or revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to both participating and nonparticipating providers and facilities.</p> <p>If appropriate coding/billing guidelines or current reimbursement policies are not followed, Anthem may:</p> <ul style="list-style-type: none"> • Reject or deny the claim. • Recover and/or recoup claim payment. <p>Anthem reimbursement policies are developed based on nationally accepted industry standards and coding principles. These policies may be superseded by mandates in provider, state, federal or CMS contracts and/or requirements. System logic or setup may prevent the loading of policies into the claims platforms in the same manner as described; however, Anthem strives to minimize these variations.</p> <p>Anthem reserves the right to review and revise our policies periodically when necessary. When there is an update, we will publish the most current policy to this site.</p>		
Policy	<p>Anthem allows reimbursement for procedure codes appended with Modifier LT and/or RT when indicating the side of the body for which the item, supply or procedure will be used unless provider, state, federal or CMS contracts and/or requirements indicate otherwise.</p> <p>Reimbursement is based on 100% of the fee schedule or contracted/negotiated rate of the procedure. Modifiers LT and RT are informational and do not affect reimbursement of the procedure.</p>	

<https://medproviders.anthem.com/wi>

	<p>It is inappropriate to use Modifier LT or Modifier RT when billing for bilateral procedures, or with procedure codes containing bilateral or unilateral or bilateral in their description. Modifiers LT and RT do not indicate a bilateral service. Claims submitted with Modifier LT and RT appropriately indicating a surgical procedure was performed on both the left side and right side of the body are subject to multiple surgery rules.</p>
History	<ul style="list-style-type: none"> • Biennial review approved 07/03/19: Minor word change • Biennial review approved and effective 08/14/17 • Biennial review approved 11/04/15: Policy language updated • Initial approval and effective date 07/01/14
