

		<b>Reimbursement Policy</b>
<b>Subject: Vaccines for Children Program</b>		
Effective Date: <b>09/01/18</b>	Committee Approval Obtained: <b>04/20/18</b>	Section: <b>Prevention</b>
<p>*****The most current version of our reimbursement policies can be found on our provider website. If you are using a printed version of this policy, please verify the information by going to <a href="https://mediproviders.anthem.com/wi">https://mediproviders.anthem.com/wi</a>.*****</p> <p>These policies serve as a guide to assist you in accurate claims submissions and to outline the basis for reimbursement by Anthem Blue Cross and Blue Shield (Anthem) if the service is covered by a BadgerCare Plus member's benefit plan. The determination that a service, procedure, item, etc. is covered under a member's benefit plan is not a determination that you will be reimbursed. Services must meet authorization and medical necessity guidelines appropriate to the procedure and diagnosis as well as to the member's state of residence. You must follow proper billing and submission guidelines. You are required to use industry standard, compliant codes on all claim submissions. Services should be billed with CPT codes, HCPCS codes and/or revenue codes. The codes denote the services and/or procedures performed. The billed code(s) are required to be fully supported in the medical record and/or office notes. Unless otherwise noted within the policy, our policies apply to both participating and nonparticipating providers and facilities.</p> <p>If appropriate coding/billing guidelines or current reimbursement policies are not followed, Anthem may:</p> <ul style="list-style-type: none"> <li>• Reject or deny the claim.</li> <li>• Recover and/or recoup claim payment.</li> </ul> <p>Anthem reimbursement policies are developed based on nationally accepted industry standards and coding principles. These policies may be superseded by mandates in provider, state, federal or CMS contracts and/or requirements. System logic or setup may prevent the loading of policies into the claims platforms in the same manner as described; however, Anthem strives to minimize these variations.</p> <p>Anthem reserves the right to review and revise our policies periodically when necessary. When there is an update, we will publish the most current policy to this site.</p>		
<b>Policy</b>	<p>Anthem allows reimbursement of the administration fee for vaccines provided by the Vaccines for Children (VFC) Program for eligible members under the age of 19 unless provider, state, federal or CMS contracts and/or requirements indicate otherwise. Providers are required to submit the vaccine code with the usual and customary charge. Medicaid providers who participate in the VFC Program and immunize children shall comply with all of the reporting requirements and procedures.</p> <p>Reimbursement is based on the fee schedule or contracted/negotiated</p>	

<https://mediproviders.anthem.com/wi>

	<p>rate of the vaccine administration up to maximum fee limits set by the CDC. Anthem does not reimburse providers for the vaccine serum as it is provided free-of-charge through the VFC Program.</p> <p>Although providers shall only be reimbursed for the administration of the vaccine, serum code(s) must be included on the claim to meet regulatory and HEDIS® reporting requirements that members are receiving the proper immunization(s). Claims submitted without applicable serum, administration and modifier codes may be rejected and/or denied.</p> <p><b>Reimbursement of Office Visits</b>                  Vaccine administrations are separately reimbursable expenses from well child exams or office visits. When the vaccine administration is the only service performed, Anthem allows reimbursement for a minimal office visit.</p> <p><b>Non-VFC Members/Vaccines</b>                  For members not eligible or for vaccines not provided under the VFC Program, Anthem reimburses providers for the administration and serum based on the fee schedule or contracted/negotiated rate.</p> <p><b>Reimbursement During State Supply Shortages</b>                  During documented supply shortages within applicable state VFC Programs, Anthem will reimburse providers for serum(s) based on the fee schedule or contracted/negotiated rate. Anthem shall develop internal processes and procedures to track state VFC Program and CDC information to monitor vaccine shortages.</p> <p>HEDIS is a registered trademark of the National Committee for Quality Assurance.</p>
